## PROFESSIONAL EXPERIENCE

### EDX-2U Skills-For-Life Bootcamp

Dec. 2022 – On going

#### Front-End Web Developer

- ❖ I am pleased to have nearly completed this bootcamp.
- ❖ This intensive program has offered comprehensive training in front-end web development, with hands-on experience covering the essential front-end technologies and frameworks, including HTML, JavaScript, CSS, Git & Github, React.js and Netlify.  
As part of the program, I worked on several projects that allowed me to apply my newly acquired skills.
- ❖ With these skills, I am confident in my ability to build responsive and dynamic web applications, and I look forward to applying them in my future projects.

### Operations / Procurement Lead

May 2012 – September 2022

#### Rehobothgoshen Ventures Limited, Ghana.

- ❖ Drove efficient manufacturing operations through the value chain by implementing best practices, including HACCP risk mitigation measures, GMP, and health-safety standards.
- ❖ Managed all aspects of customer relationships, from handling complaints to driving team-building activities and conflict resolution.
- ❖ Implemented supply chain analysis and category management tools that enhanced supply chain visibility, value addition, and cost reduction.
- ❖ Conducted strategic sourcing of raw materials and engaged in competitive pricing across suppliers, resulting in a cost reduction of 10% and profit margin increase of 30%.
- ❖ Supervised contract management staff and evaluated and engaged with suppliers for negotiations, achieving excellent supply agreements.

- ❖ Negotiated strategic agreements with suppliers, including post-paid payments, paid-instalments, and lease options, to reduce the impact on operations expenditure.
- ❖ Achieved sustainability practice of value addition and creation from polythene/production wastes generated in-house by recycling.
- ❖ Conducted part-time consultancy for third-parties and successfully executed several part-time third-party consultancies for ship chandling supplies of consumer goods and technical items to berthed shipping vessels.

In these roles, I demonstrated strong leadership, interpersonal skills, and the ability to manage diverse teams across cross-functional departments.

As a professional with a passion for excellence, I look forward to contributing my skills and experience to a new role and helping organizations optimize their operations.
